

REGULATORY COMMITTEE

Spring 2024

Co-chairs: Michele Lussos

Sandy Lea

Mission Statement

To identify, formulate a plan of action and integrate new regulatory issues that come from both state and federal government to maximize performance of AlSTAR participants

Meeting structure

- We are meeting once every 2 months starting in July
 - Specific dates to be determined by doodle poll
 - Meeting notes will be approved at the start of each meeting
- Emails to members
 - workshop ideas
 - list of issues that our members are seeing
 - New rules and regulation that might be issue
 - New opportunity for training
- Share of information

Mentor-Mentee “Networking” Program

1. One of the significant benefits of being in ALSTAR is ability to get together and network with states and industry. It allows us to put name with face which crucial in this community. To facility this we like to have members that been with ALSTAR for years to help bring in new to ALSTAR members.
2. Mentor- Years of experience at ALSTAR that are will to share their experience and knowledge as well as introduce new ALSTAR members to different groups with ALSTAR.
3. Mentee- New or Newish to ALSTAR that need guidance or would discuss matters with someone who been in this type regulation for some time. Would like to network and create strong bonds for the future.
4. Network events i.e. game nights and social events.

Updates to ALSTAR

- New State Profile
 - Date of last update.
 - Annual review for each state profile.
 - Opt in services that allow states to get reminders that they revised labels or new product in queue.
 - Update the point of contact for ALSTAR states.
 - Update how states would like to receive submissions.
- Event calendar or Newsletter.
 - A place where other conference or training could be posted for interested member.
 - New EPA rules or state rules or interesting news.
